Specification on the shelf life of TTR products

The shelf life of TTR products delivered by **DNP Imagingcomm Europe B.V.** are defined as shown at point 2, on the assumption that the products are stored under the conditions stated below in point 1.

1. Temperature conditions TTR products:

Stored in room temperature, 5-35°C, relative humidity, 20 to 80% RH, keep away from heat and direct sunlight.

2. Shelf life TTR products:

DNP Imagingcomm Europe BV guarantees a shelf life of 12 months after delivery

Products for which the shelf live has expired should be evaluated by **DNP Imagingcomm Europe B.V.**

As far as the results allow, **DNP Imagingcomm Europe B.V** may extend the availability of the products.

With kind regards,

**K. Aso,
President**
