

R300 Red Red General Purpose Resin

Product Description

R300's extensive label adaptability and high print speed capability make it the most diverse resin of its kind. It outperforms the competition in abrasion and solvent resistance, uses less print energy and is designed with DNP's standard anti-static and backcoat properties to protect and extend the life of printheads. And, like all DNP ribbons, R300 is an industry leader in edge definition producing dark, dense images for improved scan rates. With these unique features, DNP has also released the R300 in red.

Standard Colour

Red
PMS 185

Colours may vary by substrate
PMS = Pantone® Matching System

Recommended Applications

Automotive

Chemicals

Electronics

Food & Beverage

Health & Beauty

Inventory & Logistics

Outdoor

Pharmaceutical

Recommended Substrates

Economy Synthetics, such as: Polyester, Polyethylene, Polyolefin, Polypropylene and Vinyl

Performance Characteristics

- ▶ Heat resistant up to 170°C
- ▶ Extreme durability and solvent resistance
- ▶ Extensive label adaptability expanding application options
- ▶ Unbeatable edge definition for dark, dense images and improved scan rates
- ▶ DNP's specially formulated backcoating for printhead protection
- ▶ Anti-static for easy handling and extended printhead life
